Class B in italics.

*signifies equal scores therefore equal placings. My “Office Writer” programme predicts numbers in first column, & I cannot change it. Life's too short...

I was very pleasantly surprised by the number of competitors. Next year, I plan a perpetual trophy and engraved plaques for top three and Best in Class.

Previous winner: Trevor, Tabor Rubberdub.

Conditions: light wind, occasional turbulence.

.....John Ashmole, for SAM 35
